

A large, stylized orange flower with six petals, positioned above the "ASK DR. ANNE" text.

**ASK DR. ANNE**

**Amanda:** I've been thinking about having Botox, am I vain?

**Dr. Anne:** Absolutely not. The people who come to see us for Botox and Restylane, are successful in their careers and personal lives. They have learned that it is important to put your best face forward in life. When you look good, you feel good, and other people react to you in a positive manner.

If a shutter was broken on the front of your house, you'd fix it, wouldn't you? Why not do the same for your own face that you live with 24/7? Women are out in the workforce everyday just like men, and a competitive workforce it is these days. A man wouldn't hesitate to buy himself a new set of golf clubs, now would he? We commend you for your interest in taking good care of yourself.

A vertical stack of large, orange, stylized letters: 'e', 'u', 'c', 'v', 'd', 'r'. A small green flower is to the left of the 'i' (which is not clearly visible but implied by the 'v' shape), and a larger pink flower is at the bottom left of the page.
